Rewards will be made frequently in order to encourage positive actions and contributions. The ways in which the Academy will reward good behaviour are set out in [Appendix 1 \(Ladder of Success\)](#).

9. Breaches of discipline

- 9.1. The Academy has pastoral support systems in place to assist pupils in managing their behaviour. A range of sanctions are available for those who breach the Academy rules and policies for behaviour and discipline. These are set out in [Appendix 2 \(Ladder of Consequences\)](#).

- 10.1. The Academy seeks to work in partnership with Parents/Carers over matters of discipline, and it is part of the Parents'/Carers' obligations to the Academy to support the Academy rules.
- 10.2. Parents/Carers will be informed as soon as reasonably practicable after it becomes clear that the pupil may face disciplinary action for a serious breach of discipline, unless the Academy is prevented from doing so by the police if they are involved.
- 10.3. Parents/Carers will also be notified of disciplinary sanctions for minor breaches of discipline and may be contacted to discuss the matter if it is considered appropriate to do so.

Behaviour Policy

Appendix 3 – Graduated Response Programme (GRP)

Every year, there are a small number of students who struggle to comply with the behaviour system. Leaders go out of their way to ensure that students are not escalated through a system of sanctions and exclusions that can accelerate the route to permanent exclusion. At every stage of the process, leaders work together with the student and their family to identify triggers, personalise provision, offer support and find solutions.

Great Western Academy would seek to make reasonable adjustments for students who have a clear, diagnosed, and underlying special educational need / disability as well as students who have identified additional needs which require SEND support, which makes reaching the expected standard of behaviour consistently challenging.

Initially, when it becomes clear that a student is being removed regularly from class or is being sanctioned for their behaviour around school, the student will be monitored and supported closely by their tutor and House Team through the graduated Response Programme (GRP). This will trigger a period of assessment and support designed to help them to address the cause of their problems and to understand the behaviours expected of the as a member of the school community. The aim of this early intervention is to address the cause of the problem and help the student to regulate and improve their behaviour.

Should the student not responding to the early interventions provided, they will be considered for an escalation in the graduated response programme. This will trigger a period of further intensive support which is personalised to the student and designed to help them to address the cause of their problems.

During the time that a student is part of the GRP, close contact will be maintained with the family, and students will be monitored closely by their house teams and by members of SLT. Students remain on the GRP for the rest of the Academic year. All students are given a fresh start at the start of each academic year.

When a student is placed on the Graduated Response Programme, there are a range of possible actions to support them. These will be discussed at a meeting with the house team and parents and used as appropriate. Where a student's behaviour warrants a suspension whilst on GRP, this may lead to an escalation of GRP stage. All actions will be recorded on the student Behaviour Support Record and reviewed. At every stage of the Graduated Response Programme, leaders will seek to support the student and deescalate sanctions.
